

*Hello Everyone,*

*I have just received this email from NEA:*

“Dear Union Member:

It's working. During Judge Neil Gorsuch's Supreme Court confirmation hearing last week, multiple senators asked about Gorsuch's cruel rulings against students with disabilities. They were horrified to hear that Gorsuch had ruled that these students are only entitled to slightly better than no education at all.

In reality, just more than the minimum means no education at all for most students with disabilities. Our students deserve better.

**Now the momentum is on our side. More and more senators are saying they will vote against Gorsuch's confirmation. Your senators need to hear from you again - [click here to tell your senators to vote NO on Neil Gorsuch](#).**

Cameron, a special education teacher from Gorsuch's home state of Colorado, traveled to Washington, DC last week to meet with his senators and keep pushing this important message.

Watch what Cameron had to say:

Millions of educators and parents have been saying since this nomination was announced that Gorsuch is wrong for our students, and senators are getting the message: Gorsuch is wrong for our students, and wrong for the Supreme Court.”

*The NEA is right, Mr. Gorsuch should not be an educator's choice to sit on the Supreme Court of the United States. As you know, reaching out to New York State Senators is **not** enough, we need to contact family and friends in other states as well. We cannot afford to remain on the sidelines with regards to this one.*

*In Solidarity,*
